| | Flat Rate | Variable Rate | Flat Rate | Variable Rate |
| All Schools | \$144.64/year | \$9.40/ADA ⁵ | \$142.74/year | \$11.05/ADA ⁵ |

¹The FCSD does not apply sewer rates to vacant land or facilities on septic tanks.

³Multiple Family Group refers to condos, townhouses, and apartments.

⁵ADA = Average Daily Attendance

²Residential refers to houses.

⁴HCF = Hundred Cubic Feet of Water

Commercial Rates: Charges for commercial customers are based on the volume and pollutant strength of the wastewater being treated. Our rate structure is a two-part rate which includes a flat annual charge per business space or suite, whether vacant or occupied, plus a composite volume rate which is based on each tenant's user category and the total annual water use.
