ORDINANCE NO.

ORDINANCE ADDING CHAPTER 7.26 TO
THE SANTA CRUZ COUNTY CODE RELATING
TO ILLEGAL DUMPING

The Board of Supervisors of the County of Santa Cruz ordains as follows:

SECTION I

The Santa Cruz County Code is hereby amended by adding new Chapter 7.26 to read as follows:

CHAPTER 7.26
ILLEGAL DUMPING

7.26.010. Purpose.

7.26.020. Definitions.

7.26.030. Unlawful and unauthorized dumping.

7.26.040. Dumping at County Waste Facilities.

7.26.050. Enforcement Actions.

7.26.10. Purpose.

- A. The Board of Supervisors has determined that illegal dumping is a serious concern that endangers the public health and safety within the unincorporated areas of Santa Cruz County.
- B. The Board of Supervisors has further determined that persons who commit the act of illegal dumping damage neighborhoods and the environment. The results of illegal dumping can be severe. The blight, decay and unhealthful conditions created by illegal dumping negatively impact the quality of life of County residents and lead to diminished property values. Illegally dumped waste quickly becomes hazardous to the environment. Tires, refrigerators, household hazardous materials, television and auto parts often contain toxins. Mice, rats and mosquitoes make illegally dumped waste their breeding habitat. These vectors can spread diseases such as West Nile virus, malaria, encephalitis and Lyme disease. The Board of Supervisors finds that there is a need to provide for the deterrence of illegal dumping. The Board of Supervisors has further determined that anyone caught committing the act of illegal dumping faces citation and legal penalties.

C. The procedures contained in this Chapter for the citation and penalization of persons caught committing the act of illegal dumping are expressly intended as a deterrent and remedy to further the abatement of illegal dumping; to protect residents and the public at large from harm to their health, safety and welfare; to avoid destruction and injury to lives and property; and to compensate the County for damages incurred as a result of the occurrence of the nuisance activities. Examples of such damages are the costs of cleaning up illegal dump sites and diverting limited public agency resources to address the nuisance activities through direct enforcement or other programs designed to prevent illegal dumping.
