VALENCIA ROAD PM 2.43 STORM DAMAGE REPAIR PROJECT

24 Hour Road Closure to Begin

PHASE 1 CONSTRUCTION

The Santa Cruz County Department of Public Works has announced that Valencia Road at post mile 2.43, near the intersection with Flume Road, will be closed 24 hours per day, seven days per week, beginning Monday, July 6 through Sunday, August 16, 2020, weather permitting. This road closure is necessary for construction of a soil nail wall. Please use the posted detours during this phase of construction.

PHASE 2 CONSTRUCTION

Upon completion of the soil nail wall, one lane will be open to traffic through the project site with a temporary traffic signal in place. Work to be completed during this phase of construction includes a soldier pile retaining wall. The project is scheduled for completion in January 2021. During phase 2 construction, the Department of Public Works would like the motoring public to avoid this area, if possible, and to expect delays.

Up to date information on County maintained roads in Santa Cruz County is available online at <http://www.sccroadclosure.org/>.
