SUBJECT: CANON DEL SOL TREATMENT PLANT EQUALIZATION TANK RELINING
COUNTY SERVICE AREA NO. 5

Dear Mr. Anderson:

In response to your letter dated August 17, 2010, a copy of the June 22, 2010, letter from the California Regional Water Quality Control Board (RWQCB) is attached. The RWQCB requested an evaluation of the equalization (EQ) tank at the Canon del Sol Treatment Plant, and description of the proposed repairs or maintenance measures.

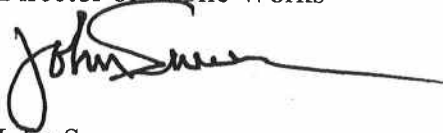

It is noted that the letter refers to the EQ tank as a "primary settling tank" and an "aeration tank." However, it was clear through conversations during the field visit on June 16, 2010, that the concern was directed toward the EQ tank.

If you have any questions or need additional information please contact the undersigned at (831) 477-3945.

Yours truly,

JOHN J. PRESLEIGH
Director of Public Works
