## The plumbers listed above have committed to the following:

I understand that my role as a Contractor, authorized to be listed on the Approved Contractor's Road Opening List, for the Santa Cruz County Sanitation Division is a significant responsibility in regards to the safety of the travelling public (vehicles, bicyclists, and pedestrians), and the laborers working on the jobsite. I will strive to ensure that my work zones are in compliance with current OSHA and Caltrans standards.

When providing video inspections for the County's Sanitary Sewer Lateral Program, I, and my company, will:

- Provide quality videos adhering to the following:
  - ✓ Starting with a clean camera lens and if view becomes obscured, clean lens
  - ✓ Recording speed not to exceed 20 feet/minute
  - ✓ Stopping at all joints/defects/ tie-ins for at least 5 seconds
  - ✓ Attempting to video in a level orientation at the bottom of the pipe looking down center of pipe
  - ✓ Recording distances for reference
  - ✓ Well-lit and in color
  - ✓ Formatted in MP4, MPG, on MWV only (5 GB max)
  - ✓ Submitted in a timely manner
- Provide Inspection Reports adhering to the following:
  - ✓ Form is the current form
  - ✓ Form is filled out completely
  - ✓ APN is provided
  - ✓ All defects noticed are logged, paying special attention to signs of inflow and infiltration (I&I) and exfiltration
  - ✓ Sketch is completed and shows cleanout location
  - ✓ All questions are answered
  - ✓ Recommendations are provided (considering I&I)
  - ✓ Form is signed by a licensed plumber
